

HEALTHY GUMS,  
HEALTHY TEETH  
and WHITENS NATURALLY

## with Ivyees FAMILY OF TOOTHPASTE

Everyone wants to look younger for as long as possible. Having white, healthy teeth not only makes you look five years younger, it also demonstrates great health and good hygiene. Ivyees' Honey and Miswak toothpaste and our newly developed Honey and Peppermint flavored toothpaste are designed to give you healthy, gums, healthy teeth, prevent tooth decay and gingivitis, and whitens your teeth naturally.

SEE GREAT RESULTS IN JUST A FEW WEEKS!

The combination of raw honey and Miswak is formulated for superb oral care. Miswak is a teeth cleaning twig made from the Salvadora tree. The bark contains an antibiotic which suppresses the growth of bacteria and the formulation of plaque. Raw honey stops the growth of dental plaque bacteria. It helps reduce the amount of acid produced, which stops the bacteria from producing dextran, a component of dental plaque. Fluoride Free and Carrageenan Free.
